RMA (Cambodia) PLC ("RMAC") debuts in the Cambodian bond market as the first CGIF-guaranteed bond and the first bond issuance by a non-financial institution in Cambodia.

RMAC's issuance of a KHR 80 billion 5-year amortized bond in Cambodia is the first bond issuance in its history for the company.

30 April 2020 Manila

Credit Guarantee and Investment Facility, a trust fund of the Asian Development Bank ("CGIF") is pleased to announce the first CGIF-guaranteed bond in Cambodia. CGIF guaranteed 100% of RMAC's KHR 80 billion fixed rate 5-year amortized bonds. The transaction is a landmark for CGIF and the Cambodian bond market, which is currently still at the nascent stage. Moreover, the enrollment of the bonds under the ASEAN+3 Multi-Currency Bond Issuance Framework (AMBIF) through the use of the market-accepted and standardized Single Submission Form in Cambodia further contributes to the goal of strengthening bond market linkages between the ASEAN+3 countries. This is the first bond issued by a non-financial institution in Cambodia while all the bonds thus far were issued by financial institutions in Cambodia.

As RMAC continues to grow in Cambodia, CGIF's support will help pave the way for the Company to undertake its own capital raising activities in the future.

"Despite challenges brought by the recent COVID-19 pandemic, CGIF is proud to have successfully worked with RMAC and the Cambodian bond market regulators in RMAC's first bond issuance. This transaction marks another landmark for CGIF in several aspects – first CGIF-guaranteed bond and the first bond issued by a non-financial institution in Cambodia. This issuance intends to not only improve investor confidence but also entice future issuers in tapping the local bond market." said **Guiying Sun, Chief Executive Officer of CGIF.**

"This is a historic milestone for RMA Cambodia and CGIF. The issuance of the bond reinforces RMA's pioneering and leadership position in the Cambodian market. We are pleased to have been able to participate and support of CGIF and the Government of Cambodia's efforts to develop a burgeoning stock exchange and modern financial market." said **Kevin Whitcraft, Chairman of the Board of Directors of RMAC.**

"SBI Royal Securities PLC ("SBIR") has been actively supporting the bond market in Cambodia since its establishment by launching the first-ever transaction to open the market. Since then, the market has kept growing and many transactions have been completed each year thanks to continuous support from relevant authorities including the Ministry of Economy and Finance, the Securities Exchange Commission of Cambodia ("SECC"), the Cambodia Securities Exchange ("CSX") and other stakeholders.

Now we mark another milestone with the issuance of RMAC's bond, 100% guaranteed by CGIF. It is our great pleasure to be part of this transaction and apply our expertise by acting as the sole financial advisor and underwriter for the bond. Working in partnership with all stakeholders, we established a new bond issuance framework for Cambodia. RMAC's bond issuance can be considered a model for future transactions. Guaranteed bonds now provide a new financial tool for private companies in various sectors to raise larger amounts of funds with longer maturities.

Being an active market participant, SBIR will continue to work closely with relevant parties to take the market to the next level. This will allow private companies in Cambodia to access larger amounts of funds with longer maturities in a process that will be increasingly easier, more efficient and cost effective." said **Shuzo Shikata, Chief Executive Officer of SBIR.**

SBIR acted as *Sole Lead Manager* for this transaction.

About CGIF

CGIF is a multilateral facility established by the Association of Southeast Asian Nations ("ASEAN") members, China, Japan, Korea ("ASEAN+3") and Asian Development Bank ("ADB").
